SUMMER CAMP THEMES AND DESCRIPTIONS

Date	Themes	Description	FRIDAY Field Trip
WK1 June 25th - 29th	Sports week	Basketball, Flag Football and Soccer!! Learn the basic rules and skills to play on a team with your friends. Have fun while learning team spirit and the right winning attitude. All skill levels welcome.	Laser tag and Game truck! Minecraft, Mario Kart, Super Smash Bro's, NBA2K, Rocket League, and LASER TAG! Battle it out in an attempt to survive as long as you can.
	Young artists	Campers connect with their inner artist to recreate their inspired versions of Claude Monet's Water Lilies, Picasso's portraits, Pointillism Art with Seurat, and Wheatfield with Crows by Van Gogh. They learn about different art styles and about the interesting lives of these famous artists.	
WK2 July 1st - 3rd (No Camp July 4th, 5th)	Sports week	Basketball, Flag Football and Soccer!! Learn the basic rules and skills to play on a team with your friends. Have fun while learning team spirit and the right winning attitude. All skill levels welcome.	Coyote point Magic mountain playground A kingdom of fun!
	Krafty kids	Popsicle sticks, play dough, paints, yarn, googly eyes, pompoms, beads, charms...the list is endless. Campers complete fun and creative DIY craft projects using variety of media.	
WK3 July 8th - July 12th	Art Rembrandt - Cartoon workshop	Learn the basics of cartooning and create your own characters. Subjects like characteristics, features, exaggeration, action and personification will contribute to artistic advancement! Young Rembrandts will be able to apply their new skills in every class to create their own original cartoon characters.	California Academy of Sciences, SFO (Visit an aquarium, planetarium, and natural history museum—all under one living roof.)
	Fun in the Sun	Go Team!!! Capture the flag, relay races, a giant amoeba chain, sharks and minnows and many other fun filled team games; all are up for grabs in this fun filled active camp. Campers learn life skills including team work. Basic stretching & conditioning will be an important part of the instructions. All skill levels welcome.	
WK4 July 15th to July 19th	Electrical Engineering with snap circuits	Learn electricity and magnetism using a meter, electromagnet, motor, lamps, switches, fan, compass, and electrodes! Learn how electricity in your home works, how switches control the electricity, and how series and parallel circuits affect electricity. Age appropriate AWARD winning SNAP CIRCUIT boards with guided projects. Each child takes a snap circuit board home with a project manual at the end of the week to continue the fun.	Build a Bear , San Mateo (Explore, shop and play at the bear factory. Build a friend for life with a personality as unique as yours). Everyone takes a bear home.
	Board Game Mania	The excitement continues with Chess, Checkers, Monopoly, Word Bingo, Snakes and Ladders, Carrom, Game of life, Ludo, Clue, Cards, Pictionary and many other popular board games. Campers choose their favorites and learn new games! What a great way to spend a fun summer afternoon.	

SUMMER CAMP THEMES AND DESCRIPTIONS

Date	Themes	Description	FRIDAY Field Trip
WK5 July 22nd to July 26th	Art Rembrandt - Fantasy forest	<i>A drawing and mix media workshop of magical, mythical, marvelous art! Days filled with fun and creative thought as campers explore deep in the Fantasy Forest. Students tap into their imagination while learning to draw otherworldly creatures like fairies, trolls and a forest queen. Your child's talent will truly enchant you as they create a beautiful scenery and new masterpieces every day.</i>	Little Explorers Petting Zoo (25 animals come to visit. Feed and hold an alpaca, a pot belly pig, a large tortoise, goats and sheep, chickens, ducks, and bunnies! Learn fun facts)
	Young zoologists	<i>Always wondered about the wonderful creatures that inhabit the earth with us! Learn some lesser known and fascinating facts about our animal friends and how we can work with each other to make the world a better place.</i>	
WK6 July 29th to Aug 2nd	Mad science - Reactions in actions	<i>Dive into the realm of Chemical and physical world in this crazy week of non-stop action - and reaction! Kids explore Mad science Wonderlab and find eggs that don't break, ice that doesn't melt and discover how to freeze time! Our young chemists perform spectacular hands on experiments and continue the fun at home with the gadgets they have designed in the lab!</i>	Mr Magico magic show and workshop (Magic doesn't just happen in the lab! Mr Magico comes to the classroom to show and teach magic)
	Earth kids	<i>Campers learn about recycling, carbon footprint, the human impact on the environment and how to be good citizens of Mother earth. Campers complete a small gardening project to take home.</i>	
WK7 Aug 5th to Aug 9th	Mad Science - Little Green thumbs (TK+G1), Underground explorers (G2+)	TK+G1: Especially designed for young minds or Kinder-"Gardeners"! Kids discover how to paint with wind, build a bug model, start their own garden and learn what nature needs to make their plants grow! G2+: Dig up the ancient past and solve real life mysteries! Learn about archaeology and techniques scientists use to excavate lost cities! Discover ancient civilizations, tools and artifacts. Study bone fragments, pottery shards, amber deposits and fossils. Understand what they tell us about history. Make and take home projects each day, like a fossil reproduction, an amber time capsule and coins from around the world.	Waterplay (Water-balloons! buckets of water, maybe even a hose to spray all your friends! - this all happens on thursday) + A visit from Captain America and Captain Marvel (on Friday)
	Superhero Week	<i>Is it a bird! Is it a plane! No, its my favorite superhero!! Campers have great adventures with their superhero and rescue their friends from boredom! Being a hero is much more than an ability to fly and move heavy objects. Children learn what truly makes a hero and make their own unique version of their superhero.</i>
